The guidelines for developing an integrated user engagement strategy for national statistical systems

<https://repository.uneca.org/handle/10855/43833>

OBJECTIVE AND TARGET

To assist NSSs in developing robust and strategic user engagement programmes

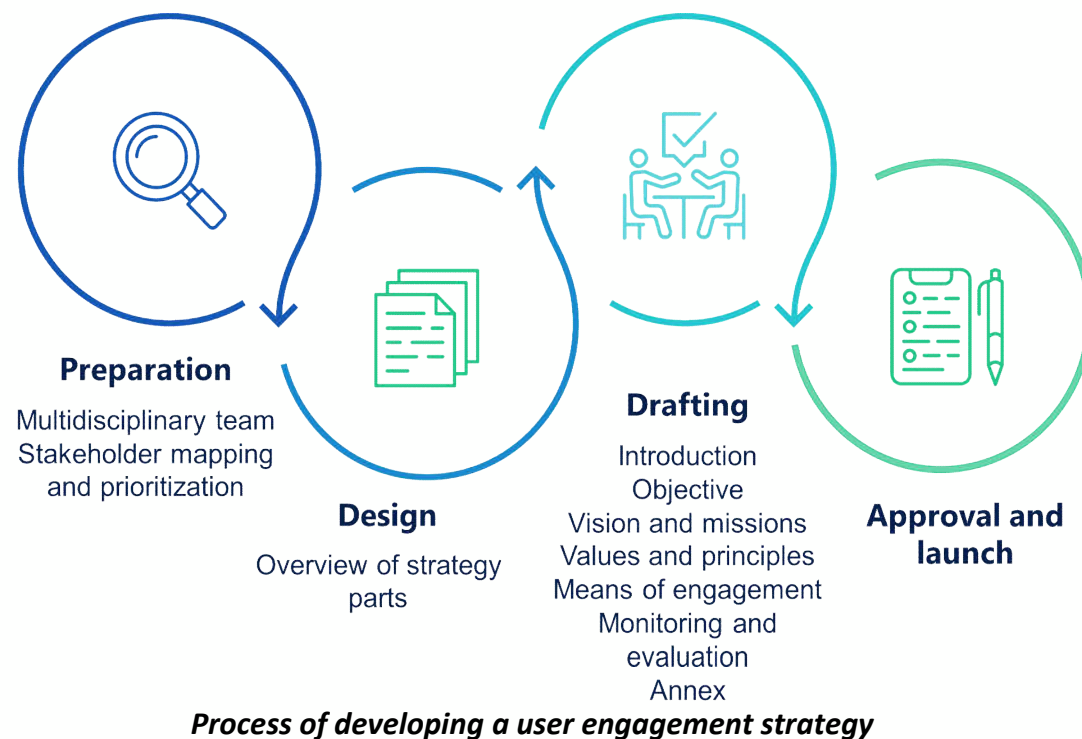

Consist of a practical mix of instructions, tips and background needed to conduct a dialogue with users and identify what they need and when and through what media they need it

STRUCTURE OF THE GUIDELINES

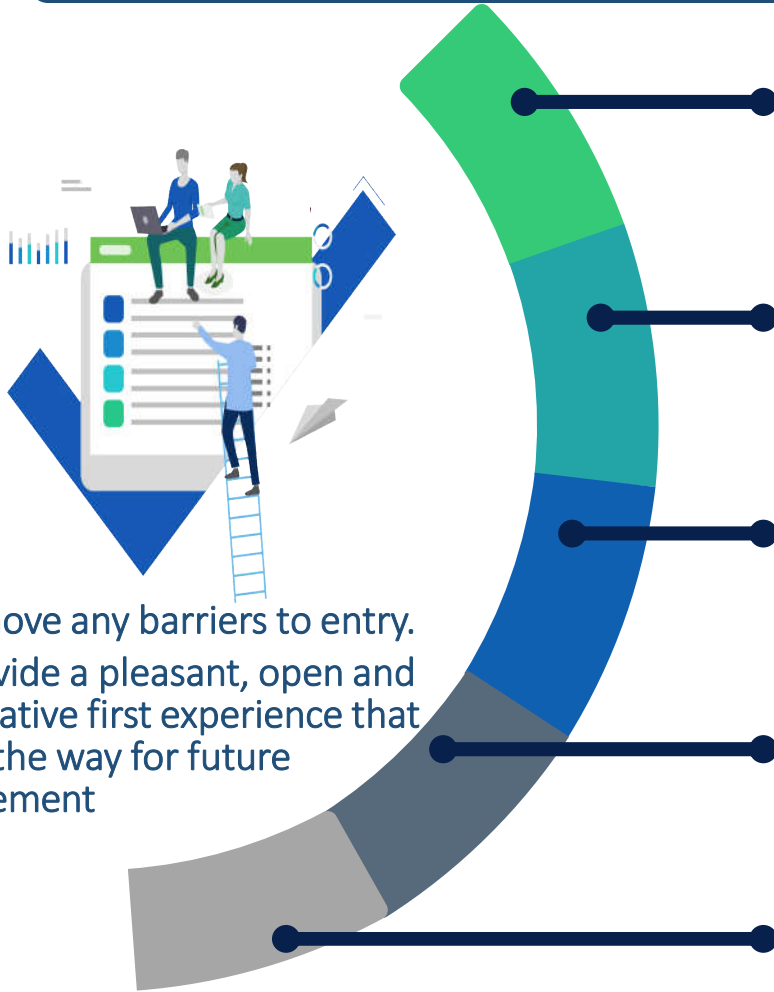

Part I: Detailed explanation of how to develop a user engagement strategy

Part II: Approaches that may be employed under the strategy to engage users

Part III: Typical user groups and details characteristics for dialogue with them and to meet their needs

Establishing contacts with media

Market segmentation

To understand what sets one group apart from another

Establish user forums with media

“First contact” seminars, round tables or meetings

Compile a database

Generate a database of media and journalists by capturing contact details at every opportunity

Establish and maintain external partnerships

Allow statistical organizations to leverage and merge with the resources and networks of partners

Service agreements

Helps promote a relationship of trust and confidence between producers and journalists

Establishing media needs

CULTURE SHIFT

How can we listen or serve users better? Willing to learn from users before informing them through continuous two-way dialogue

SURVEYS OR OTHER INSTRUMENTS

To assess user needs and satisfaction

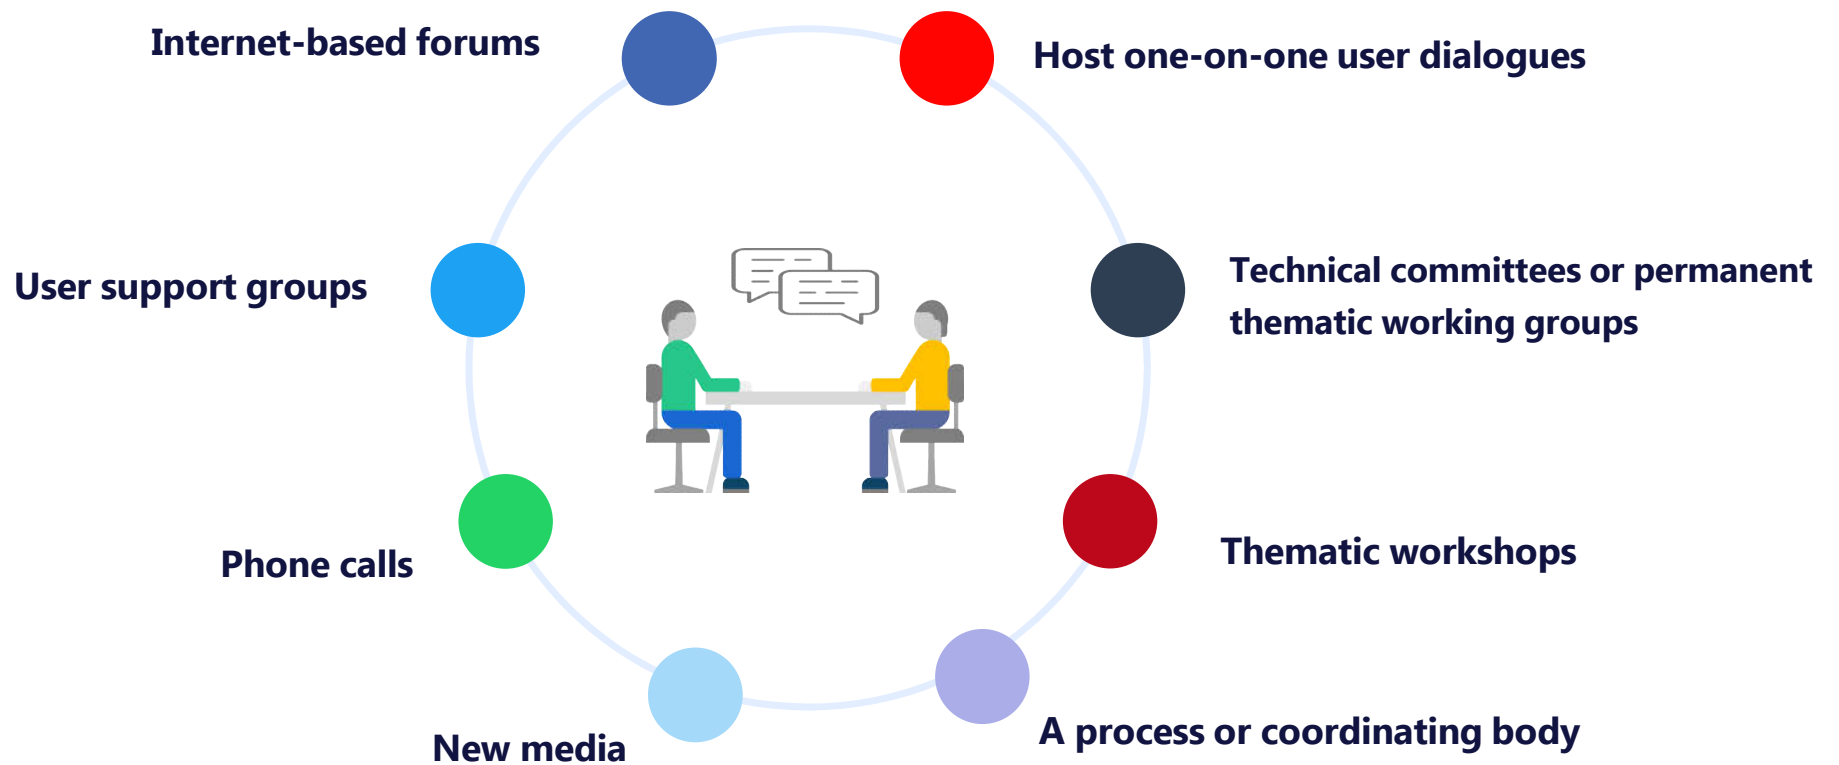

ONLINE FEEDBACK PORTAL

USER CONSULTATIONS, FOCUS GROUPS, GROUP DISCUSSIONS

EVALUATE USER REQUESTS

GOOGLE ANALYTICS AND WEB METRICS / USER RESEARCH

Consulting media

Instigating media engagement

Writing stories
with data

Open data portal /
reporting platform

High-level
representation at events

Online data and information
dissemination platforms

Press conference

Multimedia and other
creative content

Data visualization

Establishing a feedback loop

Monitoring system

User engagement dashboard

Onboarding mechanism

Building statistical literacy

Email-based communication

Strategic partnerships

Develop different statistical products and services for media

Training

Media engagement: Benefits and way forward

- Data story with Statistic South Africa
- Focus group with journalists in Cameroon
- Way forward
 - ECA and partners are available to support NSOs in strengthening media and in general user engagement
